| Does this item have a fiscal impact on the Neighborhood Council? | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |
| Additional documents attached? | <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No | |

RECOMMENDATION:

The Airport Relations Committee is recommending the NCWP Board send to LAWA and CD 11 the attached letter outlining our communities wish to have the same standing as El Segundo, Lennox, Hawthorne and Inglewood in funding needed community infrastructure maintenance and improvements.

BACKGROUND:

In reviewing the current LAWA FY 2019-2028 Capital Improvement Plan Update published August 1, 2019 totaling \$14,290,000,000 , there is no mitigation/improvements for our community. Yet, El Segundo, Lennox, Hawthorne, Inglewood have projects listed. We are asking LAWA to work with the NCWP to determine projects that can be funded by LAWA to help offset the negative impacts of continued LAX operations and growth in areas of – Local Impact Mitigation and Perimeter Passenger Transportation Upgrades.

DISCUSSION:

Place discussion narrative here

FISCAL ANALYSIS:

None

LAWA FY 2019-2028 Capital Improvement Plan - https://lawa.granicus.com/MetaViewer.php?view_id=4&clip_id=547&meta_id=38610

Draft letter from the NCWP Board to LAWA and CD 11

MOTION:

That the Neighborhood Council approve and send the attached letter to LAWA and CD11 requesting a joint effort in identifying community projects that can be funded in the LAWA Capital Improvement Plan
