Re: ZA 2014-1003-CUW

Dear Mr. Pewsawang:

The Neighborhood Council of Westchester/Playa Board of Directors is writing to convey the support of the council and the Westchester/Playa stakeholders for the application of AT&T for the project located at 8601 Lincoln Boulevard, Project ZA 2014-1003-CUW, which involves the installation of cell towers which will be concealed within a dome and behind a parapet of an existing building. The project will add needed cell coverage for the area.

Thank you for your consideration.

Sincerely,

Cyndi Hench
President
