Planning & Land Use

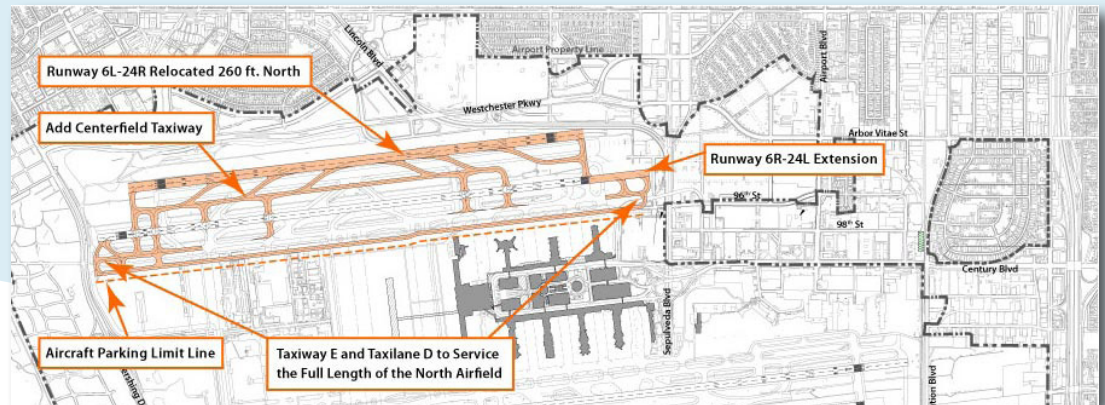

Third Tuesday at 6:30 p.m.
Community Room @ Westchester Municipal Building
7166 W Manchester Ave.

Public Safety

Meets as needed
Please check website for time and location

BOARD MEETING

First Tuesday at 6:30 p.m.
Community Room @ Westchester Municipal Building
7166 W Manchester Ave.

NCWP Encourages Community to Join in Fighting Runway Move

LAWA and those who are advocates for LAX expansion are rushing for approval of the SPAS EIR in what can only be considered “a world record” for the fastest turn around time for the largest construction project in the history of Southern California.

The LAWA Staff Preferred Alternatives are 1 & 9:

- Alt 1 will move the northern-most runway 260' closer to the Westchester/PDR community (as illustrated above).
- Alt 9 is the “ground transportation” alternative and includes an Automated People Mover (APM), a Consolidated Rental Car Facility (ConRAC); however, LAWA does not intend to implement this in the foreseeable future.

The NCWP position is in support of Alts 2 & 9:

- Alt 2 provides modernization and is recognized as being “environmentally superior” to all other alternatives and provides the best “airport operational efficiency.” This includes modernization of the airport facilities as well as north airfield safety improvements.
- Alt 9 is the “ground transportation” alternative and includes an Automated People Mover (APM) and a Consolidated Rental Car Facility (ConRAC). We want this to be one of the first projects – not the last.

This process has just three meetings left prior to final approval:

February 14, 2013, 8:30 a.m., L.A. City Planning Meeting (details to follow) - The L.A. City Planning Department will decide whether they support the LAWA SPAS EIR Preferred Option Alts 2 & 9.

L.A. County Airport Land Use Commission (date not set)

L.A. City Council hearing (date not set)

Please mark your calendars, and plan to attend these critical meetings, so your voice can be heard! For more information including the NCWP position letter, a SPAS EIR analysis summary and updates to these meeting times/dates as they become available, please visit the Neighborhood Council's website at www.ncwpdr.org.
