BACKGROUND:

Westchester/Playa Village is a non-profit organization that serves the NCWP area. They primarily serve the senior population of the area and with 15,000 residents age 60 and over in the NCWP area, there is a need for educational and health/wellness programs to serve the community.

DISCUSSION:

Grant money would be used for outreach for the purposes of increasing awareness of their services in the community with the goal of maintaining/improving the quality of life of seniors and their families. Remaining socially active and engaged in the community is crucial to the health and well-being of older adults. WPV provides a way to support our aging population while they are still vibrant, active able to contribute to the community.
