Neighborhood Council Forms Committee to Link Volunteers With Community Organizations

by Board Member Cheryl Burnett

The Westchester Playa Neighborhood Council has formed a new committee, the Community Services Committee (CSC), to serve as a link between those local organizations which need support and those neighbors who would like to help.

The Neighborhood Council recognized that oftentimes, people want to give back to their community, but don't know how. Local organizations also need the invaluable expertise and sweat equity of volunteers, particularly as budgets get tightened. So, what better place than the Neighborhood Council to serve as the link to match volunteers with organizations in need!

The CSC is beginning to compile a database of volunteer opportunities in Westchester, Playa del Rey and Playa Vista. The list of projects and contacts will be available on the Neighborhood Council's website so that individuals looking to help out in the community have a one-stop resource to seek opportunities to volunteer that match their interests.

Any local organization which has an ongoing program, or upcoming event or project and needs support, should contact the CSC for potential assistance. The CSC will post that information and make it easy for those in the community who want to help find just the right place for them.

Westchester/Playa is a special place because the people who live here care so much about their community. The CSC looks forward to bringing together all those who wish to serve!
