From the DONE website:

## Filing a Community Impact Statement

In mid-2003, the City began a new system through which Neighborhood Councils can adopt Community Impact Statements that summarize its official position on City issues and have them printed directly on the meeting agendas. It's a unique and unprecedented way for each Neighborhood Council's voice to be known to the City Hall decision-makers and the world before a vote is taken. There are several ways to send Community Impact Statements to the City Clerk for inclusion on the agendas of the City Council, its committees, and City commissions. A paper version may be sent via postal mail, hand-delivery, fax or online at <http://cityclerk.lacity.org/cis/>.
