## *Neighborhood Council Elections Coming in '21*

Are you familiar with your Neighborhood Council of Westchester/Playa? Have you ever considered running for a seat on your Neighborhood Council of Westchester/Playa (NCWP)?

NCWP is one of Los Angeles' 99 Neighborhood Councils. We are the grassroots arm of city government. Board members are elected by community members and serve their terms in office as volunteers. Your Neighborhood Council is an official advisory body to Los Angeles City government. Our mission is to increase civic engagement and make the city more responsive to local needs. We do this by monitoring the city budget, delivery of city services, and generally, acting as a liaison between the community and city elected officials and departments. Attend some of our board and committee meetings to learn more about issues we are tackling.

The Candidate Filing period for NCWP opens February 6, 2021. For more information, consider attending a session offered by EmpowerLA. Each info session will provide a general overview of how NCs and elections work, how to apply as a candidate and how to campaign successfully. You'll also have an opportunity to join a breakout group hosted by some of the Neighborhood Councils whose candidate application periods are currently open. You'll have the opportunity to meet NC members and find out what it's like to serve in the Los Angeles community. You'll learn tips such as: connecting with voters, advocating for issues you're passionate about and writing your personal statement.

Please be aware of these important Neighborhood Council election deadlines:

**Candidate Filing Period:**  
February 6, 2021 to March 23, 2021

**Vote-By-Mail Application Period:**  
April 9, 2021 to June 1, 2021  
Mailed ballots must be postmarked by Election Day and received by the City Clerk's Election Division within three (3) business days thereafter.

**Election Day:**  
June 8, 2021 (Ballot Drop Off Day)

**Seating of the Board:**  
July 1, 2021

To learn more about Neighborhood Council elections, please visit: <https://empowerla.org/elections/>

## *Hannah Levien Rejoins Bonin's Staff as Deputy District Director*

Following the recent departure of Matt Teclé, Councilman Mike Bonin's field representative for the Westchester, Playa del Rey and Playa Vista area, Bonin has announced his replacement – Hannah Levien.

Hannah, who once served as Bonin's field representative for West LA, Mar Vista and Del Rey, left the office about a year ago to work on the legislative team of Councilman Paul Krekorian. She returns to District 11 as Bonin's deputy district director and his field representative for Westchester, Playa del Rey, Playa Vista and Ladera.

"I am thrilled to have Hannah back on the team," Bonin said. "She is smart, energetic, and experienced, and she is determined to provide great service to the amazing neighborhoods of the 11th District."

Hannah graduated from Marist College as a 4 year NCAA Division I water polo athlete, serving as a captain in her final two years, and leading her team to the conference championship both seasons. Following graduation, she moved to Austin, Texas where she served as an Americorps member, teaching bilingual literacy in a Title 1 school. She moved to Los Angeles to complete the Coro Fellowship in Public Affairs, where she worked on the 100 Resilient Cities Initiative for Los Angeles, and organized with the Los Angeles County Building and Trades union.

Upon completion of the Coro Program, she worked for Senator Dianne Feinstein in the Los Angeles field office. Most recently, she served as a field deputy for Councilmember Mike Bonin in Council District 11, where she covered Mar Vista, Del Rey and West Los Angeles.

Hannah is a native of Davis, California and enjoys cycling, beach volleyball, backpacking and hot yoga.

## *State Approves Wetlands Restoration*

The California Department of Fish and Wildlife (CDFW) has certified the final Environmental Impact Report (EIR) for a project to restore the largest coastal wetlands complex in Los Angeles County and increase public access to outdoor recreation and natural spaces in one of the most densely populated areas in the world. The Ballona Wetlands Ecological Reserve (BWER) project will enhance and establish native coastal wetlands and upland habitat on 566 of the reserve's 577 acres south of Marina del Rey and east of Playa del Rey. It will restore ecological function to currently degraded wetlands, preserving sensitive habitat for future generations and build climate resilience on a coast vulnerable to sea level rise. # NEIGHBORHOOD COUNCIL OF WESTCHESTER / PLAYA

*Working together to improve our communities!*

“If you do not take an interest in the affairs of your government, then you are doomed to live under the rule of fools.”

*CWP~ Plato*

Help your community get the funding it needs for programs and services like the Supplemental Nutrition Assistance Program, or SNAP, Medicaid, health clinics, education, and much more.  
Complete the 2020 Census online, by phone, or by mail. It's easy, safe, and important.

## Complete the Census Now!

Why is being counted important?

The results of this once-a-decade count determine the number of seats each state has in the House of Representatives. They are also used to draw congressional and state legislative districts.

Over the next decade, lawmakers, business owners, and many others will use 2020 Census data to make critical decisions. The results will show where communities need new schools, new clinics, new roads, and more services for families, older adults, and children.

Learn about the 2020 Census – how to respond, and why it matters. Shape your future. START HERE: <https://2020census.gov/>

## City to Hold Virtual Meetings on Community Plan Updates

In response to COVID-19, City Planning has postponed all in-person public engagement events. In their place, the Department is holding a series of virtual outreach meetings to keep neighborhoods engaged in and informed about ongoing conversations on planning.

In July, City Planning will host three webinars to discuss the draft concept plans for the four Community Plans that are being updated on the Westside. The first two webinars, on Tuesday, July 14 at 6 p.m. and Thursday, July 16 at 1 p.m., will be presented in English, followed by a Spanish-language webinar on Tuesday, July 21 at 6 p.m.

Los Angeles maintains 35 Community Plans, one for each of its Community Plan Areas. The Community Plans establish neighborhood specific goals and implementation strategies to achieve the broad objectives laid out in the City's General Plan. The 35 Community Plans compose the General Plan's Land Use Element, which plays an important role in bolstering housing and job opportunities, conserving open space and natural resources, and balancing different neighborhoods' needs.

Each Community Plan consists of a policy document and a land use map. The policy document lays out the community's goals, policies, and programs, while the land use map identifies where certain uses (such as residential, commercial, and industrial) are permitted. Together, the policy document and land use map inform local zoning decisions and planning considerations related to housing.

The four Community Plan Areas in the Westside are Palms-Mar Vista-Del Rey, West LA, Westchester-Playa Del Rey, and Venice. The updates seek to address issues in the region ranging from housing to climate change. City Planning strives to update the plans in a manner that centers equity in the planning process.

## Important Notice:

The Los Angeles Department of Transportation will resume parking enforcement on July 6! Violations for residential street sweeping, expired vehicle registration, peak/rush hour and gridlock zone parking restrictions and other violations will begin to be enforced again beginning on Monday.

## Planning the Westside

Home About Events News Resources Contact

## Draft Community Plans Now Available

The city's Westside Planning Team presented draft land use concepts online for each of the four Community Plan areas: West Los Angeles, Palms-Mar Vista-Del Rey, Venice, and Westchester-Playa del Rey.

Webinars took place in July and are available online at [planning4la.org/planningthewestside](http://planning4la.org/planningthewestside)

The plan for Westchester-Playa del Rey includes a variety of up-zoning (new rules that would allow for higher density) in R-1 and R-2 residential areas. As the department continues to refine the proposed plan concepts and gear up towards the next phase, it has encourages the public to share its thoughts, suggestions, and overall comments via email at [planning.thewestside@lacity.org](mailto:planning.thewestside@lacity.org).

The General Plan serves as a blueprint for the future, prescribing policy goals and objectives to shape and guide the physical development of the city. In the State of California, all cities are required to develop a General Plan. A General Plan is a comprehensive policy document that informs future land use decisions. It establishes land use designations and policies that identify a range of zoning options that can be applied to property. These policies assist decision makers as they review planning approvals for a new project or consider a proposed ordinance or policy. By identifying land use categories and corresponding zones, the General Plan is the legal basis for all local land use decisions and the vision for how the city will evolve, reflecting the values and priorities of its communities.

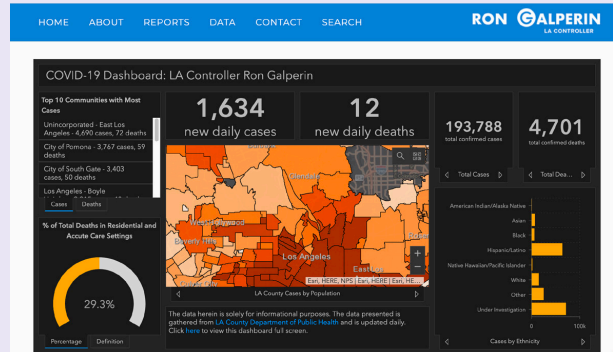

## Controller Speaks to NCWP, Highlights Data-Filled Website

Los Angeles City Controller Ron Galperin spoke to the Neighborhood Council of Westchester Playa board on Tuesday and used the opportunity to highlight his website: [www.lacontroller.org](http://www.lacontroller.org) – a data-filled spot rich with all the minutiae that is Los Angeles.

“I am a great believer in transparency and that sunlight is the best disinfectant,” said Galperin, who launched ControlPanel LA, the City's first open data portal, in 2013. It features details on the goods and services Los Angeles buys, along with information on assets and liabilities, employee compensation, operating indicators and much more.

Because of his efforts, L.A. has been named the “No. 1 Digital City” by the U.S. City Open Data Census three years in a row. Government Technology Magazine put Controller Galperin on its list of the “Top 25 Doers, Dreamers and Drivers.”

Looking for the latest data on coronavirus cases? (Westchester has 295 cases and 13 deaths recorded.) It's there. Want to know how much city employees

earn? (As of 2018, Transmission & Distribution District Supervisors make \$617,786 a year in salary and benefits!) It's there. Interested in how much the airport brings in in concessions revenue? (Over \$519.8 million.) It's there. The site includes numerous years of city budgets, an array of audits and financial reports and even maps of city owned artwork available for viewing across Los Angeles. The site is also a treasure trove of information for those seeking help. In the maps section, Galperin provides maps where people can find free tax preparation services, food pantries, youth programs and more.

Simply put, if you want to know something about Los Angeles, it's there!

## LAX Survey Addresses Traveling Safely

LAX is conducting a survey about traveling safely during this challenging time. LAX has taken the lead on new and innovative ways to keep guests safe and your opinions and ideas are important to them as part of their recovery process. The survey went live on Wednesday, Aug 5 and will be active for two weeks. It takes just 7 minutes to complete. LAWA invites you to take this brief survey to provide feedback on how the airport can enhance your guest experience when traveling through LAX.

The survey can be found at [www.surveymonkey.com/r/LAXtravelSafely](http://www.surveymonkey.com/r/LAXtravelSafely)

## Venice Dual Force Main Project Begins

L.A. Sanitation & Environment is constructing a new 54-inch diameter pressurized sewer line from Venice to the Hyperion Water Reclamation Plant in Playa del Rey to replace the existing 50-year-old sewer line. Construction activities include micro tunneling between sewer access points (shafts) to create a tunnel for installation of sewer pipeline segments.

The contractor will begin sewer pipeline construction from Shaft 1 (Pacific Avenue at Vista del Mar) to Vista del Mar at Waterview. You will see an increase in construction activities in these areas that will include the following:

- cPreliminary activities and mobilization will occur at Shaft 1, including delivery and installation of equipment and supplies, including:
- Crane to mobilize and install equipment
  - Separation machine for management of excavated soil
  - Large trucks and other construction vehicles and traffic
  - Lowering and launching of the tunnel boring machine into Shaft 1 to begin micro tunneling
  - Underground micro tunneling and installation of sewer pipeline segments
  - Delivery of pipeline segments
  - Excavated soil will go through a separation process on-site at Shaft 1 (Pacific Avenue and Vista del Mar) via a separation machine
  - Separation process produces some vibration and noise
  - Excavated soil will be removed from the construction site via large trucks
  - No changes to the current construction work zones or traffic patterns are anticipated

### Time and Location

Date: Now through February 2021

Time: Monday – Friday 7 am -7 pm

Saturdays 8 am – 6 pm

Where: Shaft 1 (Pacific Avenue at Vista del Mar)  
and Vista del Mar at Waterview

CITY OF LOS ANGELES \* DEPARTMENT OF RECREATION AND PARKS

## Safer At Parks Alternative Learning Centers and After School Program

Beginning August 31, 2020

Monday – Friday, 8:00am – 6:00pm

1<sup>st</sup> Grade – 5<sup>th</sup> Grade

### BASIC DAILY SCHEDULE

8:00am-9:00am	Check-In / Pre-Care
9:00am-2:15pm	Supervised Virtual Learning / Lunch
2:15pm-3:00pm	Homework / Recess
3:00pm-6:00pm	After School Program

- Participants are to bring their own sack lunch (afternoon snack will be provided).
- Participants are to bring their own WiFi-enabled laptop or tablet (with headphones) for them to log-on to their respective virtual classrooms for virtual learning. No classroom instruction will be given by park staff; only supervision and monitoring of participants.
- Staff and participants will be screened for COVID-19 symptoms and have temperature checks at check-in and throughout the day. Safety: Stable groups, social distancing, handwashing.
- To register, go to [www.laparks.org](http://www.laparks.org). Spots are limited to 24 per location per week.

### Westchester Recreation Center

7000 West Manchester Ave.  
Los Angeles, CA 90045 (310) 670-7473 / \$100 per Week

All participants and staff must bring and wear face-coverings at all times.  
Children with disabilities are encouraged to participate in our programs.  
Reasonable accommodations will be made with prior arrangements.

## NCWP to Livestream String Quartet Concert

The 6 Feet Apart String Quartet will present its fourth "porch concert" at 4 p.m. on Sunday, September 6. The Neighborhood Council will livestream the concert on its Facebook page, so be sure to tune in! 6 Feet Apart String Quartet has performed more than 300 gigs in Los Angeles and Orange Counties over the past nine years. The four classically trained musicians: Deborah Kim-Komatsu, Chad Prado, Steve Huber, and Larry Briner are graduates of USC, Juilliard, UCLA, and Biola, respectively, and have been lauded for their artistry and performances of their diverse and extensive repertoire of classical, pop, jazz, and rock. Their previous porch concerts have attracted more than 60 people who have brought blankets and chairs to watch, listen, and relax while social distancing.

Next Neighborhood Council of Westchester/Playa Monthly Board Meeting:
