CERT Classes Set to Begin in Westchester

C.E.R.T. Classes are coming to Westchester / Playa for the first time in three years.

Community Emergency Response Teams, or CERT, are community-level response teams that help out in disasters and other emergencies. The program educates volunteers about disaster preparedness for the hazards that may impact their area and trains them in basic disaster response skills, such as fire safety, light search and rescue, team organization, and disaster medical operations. CERT offers a consistent, nationwide approach to volunteer training and organization that professional responders can rely on during disaster situations, allowing them to focus on more complex tasks.

Classes will include between 50 and 60 people with with social distancing and will be held once a week for seven consecutive weeks. Once participants complete all seven weeks of training, they will become a certified CERT member.
