5. Committee discussion:

LAWA needs to listen to the Community.

Our Community is the gateway to LAX and therefore traffic is a big issue.

LAWA needs to be a partner with the Community.

LAWA needs an effective communication plan to inform the Community.

Transparency and trust are lacking.

The impacts on our community will be significant in the coming years: World Cup, Super Bowl, Olympics. CD11 needs to bring these communities together with LAWA to discuss the impacts and implement mitigations.

Electric helicopters are coming. What will the Community impact be?

Lulu's Place will potentially be breaking ground in May. The Community has not been informed of this. Why?

LAWA needs to promote our local businesses and amenities for travelers with delays and layovers.
