**RECOMMENDATION:** Support the request.

**BACKGROUND:** The Westside Community Plan Advisory Group (WCPAG) was created by the City of Los Angeles Planning Department to inform the Westside Community of proposals to the Community Plan Update (CPU) for their area. The group was also created to gather input from Neighborhood Councils, Community members and interested groups.

At the October 29, 2024 meeting WCPAG introduced the concept of Form Districts. Form Districts allow for the specific use of development standards as they apply to frontage, use and density. They have the potential to guide scale and building height and encourage specific uses, design elements, open space, etc.

WCPAG requested that feedback be submitted by December 16, 2024 unless an extension to that deadline was otherwise requested. WCPAG gave no indication as to the duration of the extension.

**MOTION:** Motion to support the Neighborhood Councils request for an extension to the December 16, 2024 feedback deadline for Form Districts allowing the Committee, Community and Neighborhood Council more time to submit their feedback to WCPAG.
