RECOMMENDATION: The Board approve a Community Impact Statement to expand the City’s Airport Safety and Infrastructure Study for Community’s surrounding Los Angeles Airport to a 2 mile radius.

BACKGROUND: The Committee has concern about the City’s Airport Safety and Infrastructure Study is limited to the Airport Contour area and does not take into account the impact on the surrounding Community. The Study needs to include.

Definition of an impact zone

Traffic and infrastructure analysis

Assess enforceable standards for:

- Density
- Air Filtration
- Noise attenuation
- Infrastructure capacity
- Emergency access

Inter-Agency Coordination Between:

- Fire Department
- Police Department
- Los Angeles Airport
- Emergency Management
- City Planning

Defer Community Plan Update

Delay CPU adoption until study completion and public review/input

MOTION: Motion to issue a Community Impact Statement to Council File 25-1505, requesting the City expand their Airport Safety and Infrastructure Study surround Los Angeles Airport to a 2 mile radius.
