**RECOMMENDATION:** The Committee recommends that the Board issue a letter to CD11 and the Los Angeles Planning Department requesting that any new ingress/egress on the east side of Vista Del Mar from Culver Blvd. to the intersection of Vista Del Mar Lane and Waterview St. be prohibited and that that prohibition be incorporated into the Community Plan Update.

**BACKGROUND:** Vista Del Mar has functioned as a speedway with a history of collisions and fatalities. Recently the City has taken measures to mitigate unsafe traffic on a portion of Vista Del Mar from Imperial Highway to Waterview St.. The remaining portion of Vista Del Mar from Waterview to Culver Blvd. is a narrow windy road with little to no buffer up against the hillside. For the safety of the community and daily commuters and in line with recent road safety mitigations on Vista del Mar to the south it is appropriate to prohibit any future ingress/egress on this section of Vista del Mar.

**DISCUSSION:**

- Emergency access and evacuation concerns.
- Sight-line limitations.
- Vehicle collision history, including fatalities.
- Site stability.
- Potential impacts on the water table.
- Potential Coastal Commission review.
- Community safety policies.
  
- Connecting the prohibition to an existing City Council file addressing emergency service, evacuation and Community safety.
